#### Did you know?

#### Always Up-to-date

A Ninite installer always gets an app's latest version no matter when you made it.

#### Loved by Users

People trust Ninite to install and update about a million apps each day.

#### It Updates Too

0

Just run your Ninite installer again and it will update the apps to their latest versions.

x w

#### Ninite is Smart

No Toolbars

and other junk.

Ninite automatically installs apps in your PC's language and picks the right 32 or 64-bit version.

Ninite automatically says "No" to toolbars
